A Whole New
Experience in Skincare

SKFORMULA
BEAUTY POWER

SKFORMULA

Where science meets skin

Drawing on 20 years of expertise in medical aesthetics, Singclean Medical has founded SKformula that brings the rigor of medical technology into daily beauty. We merge medical science with dermatological care to deliver solutions that are safer, more effective, and evidence-based.

Our Commitment

Every SKformula product is born from a medical technology laboratory, passes rigorous dermatological clinical testing, and adheres to ingredient safety and natural skincare.

SKformula Post-Treatment Mask

SKformula is for used after post-procedure treatment to soothe and repair skin (like laser surgery, glycolic acid peel, and micro plastic surgery). It contains 3-5mg/ml hyaluronic acid, higher concentration can be used in superficial wounds to form a more complete protective film to better provide barrier repair, skin soothe and moisturize effect. It is sterile and then guarantees the safety for post-treatment use.

INGREDIENTS
WATER, SODIUM HYALURONATE, DISODIUM PHOSPHATE, SODIUM PHOSPHATE

DIRECTIONS

CAUTION

Do not use if your skin has any abnormalities.
If irritation occurs, discontinue use.
Use immediately after opening. In case of accidental eye contact, rinse with clean water immediately.
This product is a single use product. Please use it immediately after opening. It cannot be used for many times.

STORAGE

Store in a room temperature, dry place. Away from high temperature and direct sunlight.

Global Customization Service

"One-stop solutions from formula R&D, packaging design, and marketing execution—helping you create a distinctive skincare brand with ease."

Global Customization Advantages

Global Premium Ingredient Supply Chain

♦ **International Resource**

HA & PDRN sourced from France HTL—a global benchmark for medical-grade hyalururonic acid and polynucleotides

♦ **Patented Technology**

Recombinant Collagen – patented core technology with dual breakthroughs in bioactivity and transdermal absorption

International Smart Manufacturing Base

- ♦ Class 10,000 and Class 100 cleanrooms, certified to EU & ISO standards
- ♦ Flexible production lines to meet diverse customization needs

Strong R&D Team

- ♦ **30+** PhDs forming our core team – cross-disciplinary expertise in dermatology, pharmacy, and biotechnology

Precision Market Insights

- ♦ Developing product formulas tailored to consumer preferences across different markets

Customization Case Study: Soothing Comfort Oil

Customization Logic

Natural Synergy

Sensory Healing

Dual Drive of Efficacy & Emotion

100% naturally-derived ingredients minimize allergy risks:

- Fractionated coconut oil technology avoids the comedogenic drawbacks of traditional oils – suitable for sensitive and oily acne-prone skin
- Rare baobab seed oil elevates product value through an exotic ingredient story
- Vetiver fragrance creates a memorable sensory signature, reinforcing brand identity
